**PART AND PREPARE ALL PARTS BEFORE
MOUNTING AND ATTACHING**

2 Center Console / Dash

- 1) Remove the two round sliders from the back corners of the console with your hobby knife.
- 2) Take two of the 1/8" washers and attach the dash to the two front holes in the two holes on the underside of the dash.
- 3) Take two of the 1/4" washers and attach the dash mount (center) to the back of the dash.

**NOTE: DO NOT OVER TIGHTEN SCREWS. SO
printed parts can crush easier than injection molded parts.**
