
Linux Software Installation, Part I: My Position

```
1  #!/usr/bin/perl
2  #use strict
3
4  use Cwd;
5
6  my $install_folder = "/opt/updd";
7
8  ## This script will install the UPDD software or attempt to advise
9  ## where an automatic installation is not possible
10
11
12 sub updd_install
13 {
14     check_install_folder();
```
