

Tinspire Cas Student Software Keygen 588

TI-*n*spire CX II

TI-*n*spire™ CX II is an interactive handheld with a full-colour display that enables greater understanding and exploration of mathematical representations.

Use included software to transfer work between calculator and computer. Finish at home, on the bus, in the library... anywhere.

- Import colour images** even your own photos.
- Rechargeable battery to power your learning.
- With MathPrint™, view maths symbols, formulas and stacked fractions as they appear in textbooks.
- Graph in function, 3D, differential equation, parametric, polar and sequence mode.
- Download free SAT®/ACT® test prep materials and more at education.ti.com/us/studentresources.

See a maths problem in different ways – called multiple representations. Colour-code equations, symbols and geometric objects.
